DURANT WINS ROBIN HOOD TROPHY

The race for the possession of the "Robin Hood Cup" for one year and the prize of a gold watch fob, open only to members of the Mirror Boat Club was held last Friday afternoon, and as a result Charlie Durant is the winner for this year. There were six entries for the trophy, viz., W. C. Gardiner, Roy C. Sliffe, Chas. Durant, J. W. Pringle, N. H. G. Ruthven, and Edgar Stevenson.

The race, a one-mile straight-away, was run off in two heats and a final. In the first heat between Durant, Gardiner and Stevenson, the former took the lead and although Stevenson gave him a hard race he maintained his lead and won. The second heat, with Pringle, Ruthven, and Sliffe as the contestants was won by the latter without any over-exertion on his part. The final and deciding heat between Sliffe and Durant was by far the most exciting and gave the spectators an opportunity to cheer for their favorite. Durant led from the start. Sliffe by an occasional spurt closed up the gap somewhat but would then gradually drop back. When near the finishing line, Sliffe's foot-vest slipped, causing him to lose his balance, his opponent winning the race by three boat lengths. Durant pulled a good steady stroke from start to finish.

The cup, presented to the Mirror Boat Club for annual competition by the Robin Hood Mills Co., is a very imposing piece of silverware. Besides holding the championship for one year Mr. Durant takes the gold watch fob, which becomes his property.

The members of the Club wish to thank the owners of the "Adgie" and "Thelma" for their assistance during the race.

G.T.P. OFFICIALS ON INSPECTION TOUR

A special train of five cars carrying the head officials of the Grand Trunk Railway and the Grand Trunk Pacific will reach Mirror tomorrow (Saturday). On board will be J. J. Smithers, London, Eng., Chairman Board of Directors; E. J. Chamberlain, President G.T.P.; W. Wainwright, Vice-President; N. W. Donaldson, General Manager; and N. B. Walton, Superintendent of the Toilefield-Calgary division.

The officials are on their annual tour of inspection and will go through to Calgary, and his expected that definite news regarding the train service on this branch of the G.T.P. will be given out at the conclusion of the trip.

W. F. Fuller, M. P. P. was in town on Thursday in his run about, recently purchased by him.

A number of farmers are hauling out lumber to be used in the erection of granaries.

Mal Bing is back to town for a day or so. He is going into the restaurant business at Calgary.

We hear with regret of the sudden change for the worse of Mrs. Clyde Brewster, who has been in the States for some time, in bad health. Mr. Brewster with the youngest child left suddenly Friday for Nebraska to visit the sick bed.

Mrs. Jas. Clark and family returned on Tuesday evening after a two month's trip to points in the States.

M. Mecklenburg, A. M., the only university graduate Sight Specialist in Alberta, 315 Jasper E. Phone 5225, Edmonton.

Neat and artistic job work executed at THE JOURNAL. Let us figure on your printing.

HARVESTING IN FULL SWING

The crop is always a live question, not only to our readers at a distance, but it is ever under discussion with the business men and farmers right here. There is always a difference of opinion, some are optimistic while others are as optimally pessimistic, but generally those of the "happy medium" class and their opinion is usually reliable. We aim to keep in touch with each of these classes and to gather from their reports and opinions a correct idea of what may reasonably be expected.

The past week or two has been a favorable to the development of the crop. Warm and sunny weather predominated and as a result the ripening process has gone on so rapidly that harvest will be general before the end of the week and it can now be said that we are at the beginning of the harvest, as several fields have been cut.

The grain has been found to be quite up to the quality which has been freely asserted would be the case, as the entire season has been favorable to the kernel development and there is no doubt of the accuracy of the prophecy made in these columns that the crop would this year grade equally as well as in 1912.

It is generally conceded that prospects are more favorable this year than has ever been the case. Nature has done her part so far in a manner better than the average. The farmers are naturally jubilant over the outlook, not only because the crop promises to be a bumper one, but because the harvest is commencing a week earlier than last year, which counts for very much.

With a continuation of the present favorable conditions, or the prevalence of reasonably favorable conditions, during the next three weeks the harvesting season will have reached a successful termination and the most uncertain elements of the situation will have been eliminated.

At this season of the year the farmer's ready cash reaches the low tide mark. It takes a good crop to revive the financial waters and bring them into the full flood. This year's harvest will do the necessary. The crops will be taken off early. They will be rushed to the market and the farmers will have the money in their pockets to pay off their obligations before the end of the year.

All this of course, depends on a continuance of the prevailing fine weather. It looks as though this was assured. Let us be cheerful and hope for the best.

W. C. Gardiner left this (Friday) morning for Edmonton on business in connection with the school.

While out fishing on Buffalo Lake one day this week Owen the 8 year-old son of Mr. and Mrs. Geo. Robinson, caught one of the largest pike pulled out of Buffalo Lake this season. When the pike grabbed the bait, Owen yelled, "Dad, I've hooked a whale." It was hardly as large as a whale, but nevertheless the pike tipped the scale at thirteen pounds.

Col. Whitley, of the R. N. W. M. P., Camrose, is in town today (Friday).

MAP OF LAKE AND DISTRICT

A good map, showing the whole of Buffalo Lake and the land adjoining it, was received this week by W. McKirby and W. G. Merkle. It shows 234 square miles of territory, the scale being one inch to a mile, and was prepared by Farncomb & Inkster, of Edmonton, who surveyed the Merkle farm for the new owners. The map shows the acreage of all farms bordering on the lake, and also of all the islands in Buffalo Lake.

The new sub-division, which will be known as "Rothsay," contains 158 acres and is subdivided into 712 lots, a part of which will be placed on the market in a few days, the balance being reserved.

SMOKER A SUCCESS

Ten-a-one smoker last Saturday evening and the cost per head was only one "cent-wheel." Everybody there was happy and contented, and many who heard what they missed were disappointed. About forty individuals were in attendance, to say nothing of the Celestials and dispensers, whom we mention last, but who were not the least by any means.

H. J. Raymer occupied the chair and opened the proceedings with a few very appropriate words. There was a variety of items on the programme, Scotch songs, Irish songs, Swedish songs and English songs, choruses, step-dancing, etc.

The entire company was happy and with Alfie and Yorkie

SHORTAGE OF PIPE STOPS WORK

The G. T. P. are proceeding at a good rate with their pipe line to Buffalo Lake, although operations have been suspended for the last day or so, owing to a shortage of iron pipe. A shipment from Melville, Sask., is expected any day and the work will be continued at once.

Owing to the sandy nature of the soil the trench for the pipe has to be considerably wider at the top, so as to lessen the chances of a cave-in. The extra work on this account will prevent the company from finishing the job as soon as expected, and it will be from seven to eight weeks before the work is completed. The excavator has reached Gilman avenue, about six hundred feet of pipe has been laid and the work of filling in is under way.

balancing the trays, even Mac admitted that they were coming fast enough. Owing to the absence of several of the entertainers, deputies were called on and although a little nervous at the start they soon limbered up. The committee in charge should feel well repaid for their efforts, as it was a success in every way.

The artists taking part were H. C. MacCordhe, Alf Taylor, Harold Stevenson, Jack Price, Messenger White and others too numerous to mention.

The dance under the auspices of the Royal Neighbors last Friday evening was very poorly attended; a heavy rain being the cause.

MIRROR FOOTBALL TEAM WIN AGAIN

The Mirror football team, by defeating the Nevis eleven by the score of 3 to 0, upheld their reputation of being unbeatable by any team in this part of the country.

The team lined up as follows:

Mirror	Nevis
McCormack goal	Neilson
Gairns	l. back Moore
Crittall	r. back Bell
J. McKirdy	c. half Johnson
Stevens	c. half L. Lowry
Pipe	l. half Graham
McCondaeh	o. right Gordon
Wilson	i. right M. Lowry
W. McKirdy	center Twist
Good	l. left Edginton
Hand	o. left Evans

Referee, Mr. Woolgar

The Mirror boys lost the toss and kicked up against the wind, and from the way both teams started off it was seen that the game was going to be fast, and as it turned out the best game seen in Mirror.

The forwards of both teams made rushes at the goals but a great defense was put up by the defenders, Moore, of Nevis, playing a consistent game all through.

The home forwards seemed to play with more combination than the visitors and on several occasions came very near scoring. Neither team, however, could register during the first half and at the interval the score stood 0-0.

On the resumption of play the Mirror forwards took the aggressive and about ten minutes later Stevens, on a nice individual rush, carried the ball up to the line and passed to

RE GAME LICENSE

Section 18 of the Game Act,
reads as follows:"No person shall hunt, trap,
take shoot at, wound or kill any
game bird without having in his
possession a license duly is-
sued to him to do so, which
shall be known as a Resident's
Bird Game License:Provided, however, that the
provisions of this section shall
not apply to any person who
does not reside in a city, town
or village, or to those residents
of the province north of the
boundary line between town-
ships 58 and 59 of the Dominion
lands survey."Persons not residing within
the limits of an incorporated
city, town or village, or south
of townships 58 and 59, are not
obliged to obtain a Resident's
Bird Game License.The owners, leaseholders and
renters of quarter sections, and
their sons, known as farmers
and sons of farmers, are special-
ly referred to in section 19 of
said act as being entitled to a
Resident Farmer's Big Game
license for the shooting of big
game, but they are in no way
privileged as regards bird game,
over others residing outside an
incorporated city, town or vil-
lage.

HARD ON THE NEWS- PAPERS

An exchange remarks: "The
numerous reports and editorials
these days on the financial
troubling in some of the
every newspaper is up against
it." There are several reasons
why it could not be otherwise.
To begin with, a very large
majority of our Alberta towns,
where newspapers exist, are
altogether too small to warrant
the establishing of the paper.
The petty jealousies existing
between neighboring towns,
makes it impossible for one
paper to serve a reasonable dis-
trict, because business men will
not give patronage to a paper
published anywhere except in
their own hamlet. They will
leave no stone unturned to get
a paper of their own started and
want the very best brains and
equipment in the land, but
when a money stringency arises
the editor and printer is one of
the first to suffer. Advertising
is curtailed or cut out alto-
gether, soap wrappers or some-
thing as cheap are substituted
for properly printed stationery
and it becomes almost impos-sible for the publisher to col-
lect enough to pay the actual
running expenses. And yet,
what agency has done more to
build up the town and assist
its business men to success!

FINANCING A TOWN ON MON- THLY PAYMENTS

A new and somewhat drastic
policy has been adopted by the
council of the city of
North Battleford by Commis-
sioner N. G. Neil, to expedite
the financing of the city's cur-
rent account. Commissioner
Neil claims that the present
system of financing cities is
fundamentally wrong, the taxes
being only collectable once a
year; and as a city, unlike any
other corporation, has no work-
ing capital to start with and
must therefore borrow from
the banks against the coming
year's taxes, this method en-
tails the additional payment of
thousands of dollars on interest
to the bank annually increas-
ing unnecessarily the cost of
operating a city, and certainly
not enhancing a city's cred-
it.It must be borne in mind
that the interest and sinking
fund of the bonded indebted-
ness is largely paid from the
annual tax levy; therefore
cities financing current account
under the present system, more-
over, tends to eliminate
business methods in a city's
finances, in that a city treasurer
cannot prosecute a systematic
collection of accounts, expect-
ing once a year. Such an ex-
tended line of credit has long
been abandoned by every other
business, in fact, all other busi-
nesses are rapidly approaching
the cash system.To overcome the present ob-
jectionable feature in civic fin-
ance, it has been suggested that
the taxes be paid into the city
treasury once a month. This
would make payment easier on
the taxpayer, give the city
ready money for financing, and
he would also have money on
deposit with the bank, in place
of being a borrower all the
time.A number of objections were
raised to this scheme when out-
lined by Commissioner Neil at
the recent convention of munici-
palities of Saskatchewan, but
it was readily shown that all
the difficulties could be over-
come; and while entailing more
clerical work, the many benefits
resulting would amply repay
not alone in money saved for
every citizen, but both directly
and indirectly be the means of
instituting more modern busi-
ness methods.While Commissioner Neil
was with the city of Port
Arthur, a radical change was
brought about through the
taxes being made payable every
six months. This was found to
work very satisfactorily, and
caused considerable saving. It
is now probable that the city
of North Battleford, Sask., will
institute a policy whereby
taxes will be collected at least
every three months.

A GREAT COUNTRY

Tersely remarks an exchange:
"Germany has a smaller area
than the province of Alberta.
The soil is somewhat barren in
places and is not very produc-
tive. It is sandy and rough.
Despite that, Germany sup-
ports 60,000,000 people, and only
one per cent. of the food is pro-
duced in the German Empire.
The German people estimate
that the country can support a
100,000,000 people. If Germany
with all the disadvantages, can
support such a population, what
is the future of Western Cana-
da?"

SALT FOR MANGOLDS

Best Results Obtained From Use of
10 Per Cent. Per Acre

That application of salt in addition to
other fertilizers is useful for the
mangold crop is generally acknowl-
edged, but what is the most suitable
quantity to apply is a question upon
which there is considerable difference
of opinion.

To obtain definite information on
this point, the Harper-Adams Agricul-
tural College has been conducting ex-
periments for three years with quan-
tities per acre of 2 1/2 cwt., 5 cwt., 10
cwt. and 15 cwt. respectively.

The salt was applied in the middle
of April and thoroughly worked into
the soil by cultivating, harrowing and
rolling three times before rowing up
the ridges being again split before
sowing.

Special care has to be taken to en-
sure the salt being completely mixed
with the soil, otherwise the seed is
liable to be damaged.

The dressings were made across all
the manurial and variety trial plots,
and the weights are the average of the
different plots. The result was the
following:—The application of—

2 1/2 cwt. produced an average in-
crease, about 4 tons roots;

5 cwt. produced an average increase,
about 5 1/2 tons roots;

10 cwt. produced an average in-
crease, about 8 1/2 tons roots;

15 cwt. produced an average in-
crease, about 4 tons roots.

The big application of 15 cwt. was
tried for the first time last year. Just
to see what the effect would be.

The experiment seems to demon-
strate that the quantity of salt that
can be used with the best result is 10
cwt. per acre.

Was 108 Years Old
Alexander Renaud, probably the
oldest man in Ontario, died at the
home of his son in Hallsbury at the
age of 108 years, 10 months.

The longest journey he ever made
in his life was to St. Anne's on a pil-
grimage when he was 104 years old.
Ten years ago he left off the use of
alcoholic liquors, although he was a
constant smoker and chiever of to-
bacco until a week before he died.

ALBERTA FAIRS

The following is the list of
the local fairs which will be
held in the province this sum-
mer and fall. The list is ar-
ranged by the Alberta Fairs as-
sociation, and as far as possible
the dates are arranged so that
dates of nearby shows will not
dash and will yet be convenient
for those wishing to go to
both shows. Official judges are
supplied by the provincial ex-
ecutive of agriculture.

A YEAR

Eternal Vigilance

The advertising merchant is the one
who does the business in these days of
push and enterprise. There are more
newspapers today than ever be-
fore in the history of the world. The
newspaper can place the business you
have and your wants before the eyes
of buyers, who see what they want
and knowing where to find it, look up
the wholesale merchant who wants
him to come and see him. Success
in these days of sharp competition
calls for eternal vigilance. You can
not keep a boulder down.

One Dollar a Bushel for Oats and Barley

A Farmer living in the district, by keeping careful ac-
counts has found that by feeding to his cattle and
selling the latter in prime condition his oats and barley
have netted him over a Dollar a Bushel. Mr. Farmer, do
you realize that you are in a position to make that Dollar
a Bushel in every year? You need not fear a hail storm,
nor frost, nor any of the climatic conditions that effect
grain, as in nine cases out of ten you can feed the spoiled
grain to stock. We are willing to pay the highest price
for stock of all kinds and guarantee you a market all sea-
sons of the year. Feed your grain to cattle and we will
pay you that Dollar a Bushel when it is turned into Beef.

CHARLES T.
RUSSELL

Pastor Brooklyn
Theological

OUR ADVOCATE WITH THE FATHER

Only Approach to God Is
Through Jesus—Divine
Guidance Needed.

Vancouver, B.C.,—Our City is once more honored by a visit from Pastor Russell. He never fails of good audience. We report one of his addresses, which grows deeper in topic of vital interest to thoughtful people. "How may sinners come into relationship with God?" His text was, "We may sinners come into relationship with God."

Imperatively the Pastor reminded us that humanity is so constituted as to have a longing for things invisible. The desire for a God and for supernatural, eternal life, especially in life difficulties, is a natural phenomenon. The religious and spiritual are located in the unseen of the mind, and are not of the material world. The religious and spiritual are located in the unseen of the mind, and are not of the material world.

Man still worships, reverences, desires, however much his impaired judgment at times misleads him into attributing unworthiness to a sculptured statue, an image, or a picture, a Christian, a wife and children. Under the influence of the Holy Spirit, Christians realize that the one great need of worship is the Father through His Son, our Lord Jesus Christ.

Pastor asserted, backed by the Scriptural statement that Satan, and the forces of evil, are not yet bound, has in various ways attempted to mislead us, to separate us from God, and to lead us to believe that we are unworthy to approach Him. He has attempted to lead us to believe that we are unworthy to approach Him.

The moment we begin to exercise our reasoning faculties, the Advocate comes to rebuke us, and to lead us back from the truth. As we begin to think, and to inquire, his method seems to be to pose as a questioner, and to lead us to believe that we are unworthy to approach Him.

He begins to think, and to inquire, his method seems to be to pose as a questioner, and to lead us to believe that we are unworthy to approach Him. He begins to think, and to inquire, his method seems to be to pose as a questioner, and to lead us to believe that we are unworthy to approach Him.

Higher criticism, through the college, not only has undermined the truth of God, but it has also destroyed faith in a personal God. It has destroyed faith in a personal God. It has destroyed faith in a personal God. It has destroyed faith in a personal God.

All this is quite unbelief, unsatisfactory to the hungry soul. We need to get back to the Bible. We need to get back to the Bible. We need to get back to the Bible. We need to get back to the Bible.

We need the Bible presentation of the fact that God can have no dealings with sinners in the way of a general dealing. We need the Bible presentation of the fact that God can have no dealings with sinners in the way of a general dealing.

But even to get the proper conception of God's Justice, we need to get the death penalty, not a tortuous penalty, was pronounced. We need to get something of the love of God, said the Pastor. We need to get something of the love of God, said the Pastor.

But even to get the proper conception of God's Justice, we need to get the death penalty, not a tortuous penalty, was pronounced. We need to get something of the love of God, said the Pastor. We need to get something of the love of God, said the Pastor.

the right hand of God. And we note that He has now still higher places than He had before. He came into the world—the Father's reward for His loyal obedience; as St. Paul exclaims, "He has highly exalted Him," Philippians 2:9.

From Jesus' lips we hear the message of the Kingdom; that God intends that all mankind shall become the great King of earth, authorized to lift up mankind from sin and degradation, and to receive the will of God, and to receive the will of God, and to receive the will of God.

Then comes the Gospel invitation to all believers in Jesus. The invitation to all believers in Jesus. The invitation to all believers in Jesus. The invitation to all believers in Jesus.

Then the question comes up. On what terms will the Father receive us? The Father will receive us on the terms of His own will. The Father will receive us on the terms of His own will.

Matthew 7:21. The question of coming into God's family is a question of coming into God's family. The question of coming into God's family is a question of coming into God's family.

Matthew 7:21. The question of coming into God's family is a question of coming into God's family. The question of coming into God's family is a question of coming into God's family.

Matthew 7:21. The question of coming into God's family is a question of coming into God's family. The question of coming into God's family is a question of coming into God's family.

SELF RELIANT HELEN KELLER

She Refused a \$50,000 Endowment From the Government and the Subsidy.

The other day Helen Keller visited Andrew Carnegie, and as a pleasant surprise he had prepared to settle upon the blind and deaf girl an income of \$50,000 a year for life. She refused it promptly.

Mr. Carnegie explained that it would be a pleasure for him to feel that he could have a share in the future by providing enough to leave her free to do as she pleased. She said she would not accept it, but she would accept it on the condition that she would be free to do as she pleased.

Insisting that she accept the endowment, Mr. Carnegie asked why she should refuse his tender when she had accepted Mr. Rodgers' and in her college education. That was different, she explained, as her family had been unable to meet the heavy expenses of her education, but now that she was educated and thoroughly capable of self-support she could not accept it.

A widely known educator, in relating this incident a few days ago, said that she had been shocked and amazed at the attitude of Mr. Carnegie, firmly refusing to accept it, but she would accept it on the condition that she would be free to do as she pleased.

A SEARCH FOR A WORD.

Who Has the Weapen Congress Brought?

Search in two continents is being made for the sword that congress brought. It was a sword that congress brought. It was a sword that congress brought. It was a sword that congress brought.

NEW YORK'S WATER TUNNEL

Should It Ever Burst It Would Engulf the Subway.

Probably the story is based merely upon the hysterical imaginings of one newspaper writer, who is always ready to set off some new terror in metropolitan life, but it is now told that the most dramatic of the new tunnel is that it is a possibility as soon as the water has been turned into the tunnel which will have a share in the future by providing enough to leave her free to do as she pleased.

At a height of from 50 to 400 feet it carries a river equal in size to the Lack of its ordinary stage, confined under very considerable pressure. At several points the water tunnel approaches closely to the subway. The theory of the new alarm is that an explosion, a slight earthquake shock or some other unforeseen cause impossible to guard against might shatter the driving wall between the two.

Prizes Given Away

Our Proposition;

We are distributing a Box of Keys, three of which will open as many locks on the following articles in our store and these prizes will be given away absolutely free:

- One Ninety-Five Piece Set Of Dinner Dishes
- One Double Barreled Shot Gun
- One Handsome Gasoline Lamp

YOU ARE ENTITLED TO ONE KEY WITH EVERY TWO DOLLAR CASH PURCHASE. Three of the keys in the box will open three locks on the above articles. The persons who secure these keys win the handsome prizes.

The three locks are sealed and are on display, so are the prizes. You will be pleased to possess them and they cost you absolutely nothing.

This contest is for the purpose of introducing ourselves to those who are not our regular customers and to show our appreciation of those we have had the pleasure of serving.

The only articles that keys will not be given away with are Nails, Wire and Steel Granneries. We will advertise the day that all keys are to be tried in the lock.

Great selection in Guns, Rifles, Ammunition, and Sporting Goods.

THE MIRROR HARDWARE Co.

Corner Gilman and Robert

Mirror, Alberta

South Buffalo Lake

(From Nomin)

Harvesting is general all over this locality this week, and all are busy cutting what promises to yield a large return when the farmer takes the field.

Messrs. McKirdy and Olding of Mirror, enjoyed a day's duck shooting in our neighborhood this week and were the guests at Lakeside ranch. Your correspondent is informed that they purchased a valuable driving horse from J. H. Sorum.

The Rev. J. W. Brown and wife, of Eskine, were visitors at A. F. Barrett's on the 30th inst.

A. Thompson, of Alis, seems to enjoy duck shooting in this locality as he is a frequent visitor among us. We are pleased to know that his injured knee is well enough now to permit his getting around after the ducks.

Mrs. J. H. Sorum disposed of a car load of ducks last week; they were mostly of the mallard breed, the balance being the Pekin breed.

Mr. and Mrs. C. H. Estell, of Mirror, were visitors at Lakeside ranch on the 30th and 31st inst. It is pleasant to see our old neighbours among us.

Sportsmen along the lake here should be very careful before shooting, as those "tame mallards" do look so like the wild ones.

Mr. and Mrs. W. L. Pettet, of Alis, spent Sunday with Mr. and Mrs. C. H. Peuberton.

R. Pugh supplied the Stettler citizens with "fresh teeth" last week.

Gran-ma Sorum has not been very well for the last few days, but we hope to soon see her looking better.

COUNCIL MINUTES

The Village aldermen met in regular session last Monday evening, Sept. 1st; Chairman Raymer and members Calvert and Flewelling present.

Moved by Calvert, seconded by Flewelling, that the following accounts be paid:

Dickinson Stamp Co., Calgary, rubber stamps, \$ 3.75

Bank of Commerce, 3.50

F. E. McLeod, food Mrs. Ewliut, 15.00

Miss Barton, telephone, 20

Dr. A. E. Shore, medical attendance, Chinaman, 5.00

Calvert-Flewelling—That the secretary write to Drummond & McGill, of Montreal, and ask them to forward two hydrants, according to specifications.

Council adjourned.

A special meeting of the Council was held on Wednesday evening in the Townsite office with all members present. By-law No. 11 was read and passed authorizing the Council to borrow \$2500 from the bank to carry on work in the village.

Frank Tulloch was paid \$500 for grading already completed. Council adjourned.

A SQUARE PEG in a Round Hole

You may be alright, but if you are in the wrong position you are like a square peg in a round hole. You want a position where you fit. This paper is read by intelligent business men, and a Want Ad. in our classified columns will reach them.

Obituaries

BARRITT

We regret to announce the death of Warren Ioper Barritt, aged 10 months, the youngest son of Mr. and Mrs. Richard B. Barritt, of South Buffalo Lake. The child passed away about 5.30 on Wednesday morning, the 3rd of September, and the interment took place at Alis Cemetery on Thursday afternoon, there being a very large number of sympathizers at the funeral. To Mr. and Mrs. Barritt who are well known in this part of the country we extend our heartfelt sympathy in their sad bereavement.

GATTENBY Many old-timers in this district will be sorry to hear of the demise of Mrs. J. J. Gattenby, at Abotsford, B. C., death occurring about a month ago. The late Mrs. Gattenby, with her husband and children lived in this district for about nine years, removing from their home which is now known as the Gattenby place, to B. C., a change of climate being necessary for Mr. Gattenby's health. They were well and favourably known and the news of Mrs. Gattenby's death comes as a sad surprise to all. A large measure of sympathy will be extended to the surviving members of the family.

LOCAL NEWS

M. C. Rogers and C. H. Ward, of Edmonton, are stopping at the Imperial hotel for a week and enjoying a duck shoot.

W. J. and Mrs. Kadlee and family, returned last week after spending several weeks at Watouskwini.

W. MacKirdy left Thursday morning on a trip to Edmonton, Calgary and Vancouver. A little bird whispers Mac intends joining the ranks of the Benedicts before returning home.

Rev. Robert Pearson, secretary of the Y.M.C.A. Calgary, was run down by an automobile last Saturday, and received injuries which will keep him in the hospital for several weeks. Mr. Pearson is well known to lovers of sport all through the province.

The Mirror Hand Laundry is open for your business. Cannot Mirror support a good thing, when we are here to stay for business. Leave Orders at Coleman's Pool Hall or drop a card to the

41-11. MIRROR HAND LAUNDRY Attend the dance next Tuesday evening; Sept. 9th in Hopkins Hall, Mirror.

D. M. Jewell will leave for the States in the fore part of next week to undergo an operation for his headaches. Mr. Jewell has recently visited Edmonton on this account, returned without being treated, and he decided to go South where he thinks that he can get better treatment. We hope to see him with us again in a short time.

2c pays for THE JOURNAL to Jan. 1st, 1914.

NOTICE.—All parties having accounts against the Mirror Athletic Association are requested to hand the same to W. J. Good before 3 p. m. on Monday, Sept. 8th.

"Here's a dime," said a thrifty housewife to a tramp at the door. "Now, what are you going to do with it?" "Well, mum," replied the hungry man, "if I buy a touring car, I shan't have enough left to pay my chauffeur; if I purchase a steam yacht, there won't be enough left to defray the cost of manning her; so I guess, mum, I'll get a schooner and handle her myself."

Mirror Team Wins Again

(Continued from page 1)

the goal mouth. Good kicking the ball through for the first goal for the home team.

The Navie boys backed up some but they could not hold their ground, and shortly afterwards Stevens scored again for Mirror. Both teams appeared to feel the hard work and although neither side let up there were one or two who were showing signs of distress.

Stevens registered the third and last goal for Mirror about five minutes before the end with a good shot close in which did not give the goalie any chance to clear.

It is impossible to criticize the work of any one player as the whole team put up a good game, but we might say though that Cairns and Crittal sure played some game at back.

Where is the next victim from?

The score board reads:

Played	Won	Lost	Drawn	Goals for	Goals against
5	4	0	1	12	3
